## Master Of Computer Applications (MCA)

Scheme and Syllabus (w.e.f. Academic Session 2020-21 onwards)

**Course Code: MCA-274**

**Course Name: Professional Proficiency - IV**

**L T/P C**

**0 0 4**

### **Objective and Structure of this Course:**

General Proficiency (under NUES Scheme) is aimed to impart value added modules to students, based upon the changing requirements of the industry from time to time. This innovative practice makes the scheme open and adaptive to the changing requirements of the industry by keeping inbuilt flexibility of introducing any value-added module based upon industry input from time to time. The required decision of the value-added module and related assessment guidelines shall be finalized by the Programme Co-ordination Committee before start of the semester its COs and required mapping shall be done by the Programme Co-ordination Committee after finalizing the value-added module to be offered under this course There shall not be any external examination of the University for this course. The performance of the candidates should continuously be evaluated by an internal committee at the College level as per the guidelines of the Programme Coordination Committee

### **Suggestion**

it is suggested to have Seminar and Progress Report related to the Dissertation work in fourth semester under Professional Proficiency V However the final decision shall be Laken by the Programme Coordination Committee before start of the semester
