Bringing Indian Knowledge Systems (IKS) in the centre stage of Education and making it a part of the Faculty Development Programme is the need of the hour. The online FDP 2020, that aspires to bring insights from various Indian thought traditions to strengthen the knowledge base and create comparative perspectives for teachers & stakeholders in Higher Educational Institutions (from India and abroad) that shall enable them to empower the students to become compassionate fulfilled individuals, good citizens and contributing members of the world order. The New National Education Policy 2020 also speaks of this imperative.

Delineating the legacy of IKS, FDP 2020 shall historically examine the colonial narrative that underpins the Indian Education Systems and shall seek to unweave it. **FDP 2020 shall reclaim IKS - cutting across various disciplines in scope, challenges and solutions in a critical and constructive engagement.**

This FDP 2020 is Open for all teachers and stakeholders (including parents/students/policy makers etc.) in Education - both from India and Abroad.
