The meeting was organized to address the coordinators about the improvement activities to provide an opportunity to the students at the institution to develop and display the skills in the fitness supporting activity. In this event, indoor games like chess, table tennis, arm wrestling and badminton was designed for the students where they can enhance themselves. All the participants enjoyed this event and were glad that these types of events were organised in the institution where they can achieve something and grow themselves. Sports helps an individual much more than in the physical aspects alone. It builds character, teaches and develops strategic thinking, analytical thinking, leadership skills, goal setting and risk taking.

All the students were motivated to devote time to each game and were also instructed to play each game. The main aim was to provide emotional concern for the students in Pandemic to build their mental health and to create awareness through this event.
